SUMMARY

Second-year CS undergraduate at University of Delhi with hands-on experience in AI/ML and full-stack web development. Built deployed AI tools using Stable Diffusion and NLP; seeking software/ML internship to drive real-world impact."Passionate about software development,data structures,web technologies and emerging innovations.Quick to learn,eager to contribute,and driven to apply theoretical knowledge in real-world projects,hackathons,and internships.Adept at collaborating in team enviroments and developing creative solutions to complex challenges.

SKILLS

- Languages:Python,C++,Java , Javascript, HTML,CSS
- Frameworks/Tools: ComfyUI, Stable Diffusion, Git, GitHub
- Concepts: DSA, OOP, DBMS, Computer Networks, NLP basics

PROJECTS

1.AI IMAGE GENERATION USING STABLE DIFFUSION AND COMFY UI.

<https://github.com/Khushi21-code/Repo-on-Image-Generation-.git>

- Developed a web-basedAI image generation tool usingStable Diffusionand ComfyUI.
- Implemented text -to-image generation and prompt based style customization.
- Optimized GPU-based rendering to improve image generation performance.
- Integrated real-time parameter tuning for enhanced User control.

2.AI HEALTHCARE-CHATBOT

- Developed an intelligent chatbot using natural language processing (NLP) to assist users with basic healthcare queries, symptom checks, and wellness guidance.
- Engineered an NLP-based healthcare chatbot using Python and [library e.g. NLTK/spaCy/Rasa], capable of handling symptom queries and routing users to relevant health guidance with 85%+ intent accuracy."

EXTRACURRICULAR

- Member of Entrepreneurship Development Cell (eDC) IIT Delhi-Participated in startup ideation and entrepreneurship program.
- Participated in hackathons and innovation programs related to AI and entrepreneurship.

EDUCATION

Indraprastha College for Women,University of Delhi,Delhi
Bachelor of Science Honours in Computer Science

Aug 2024 - Aug 2028

Relevant Coursework : DSA ,OOPS,AI,DBMS,CN,Web Dev
CGPA-7.45/10.0

ACHIEVEMENTS

- AI Certification — Techsaksham (Microsoft + SAP, EDUNET)
- LOR from IIT Delhi eDC for active contribution to Entrepreneurship & CAP Program
- UX Design Certification — UXfounder
- Intern at Google Student Ambassador Program 2026
